	1.9.8	Unique Program Requirements
1.10		Requirements Development and Management
1.11		Integrated Team Management
1.12		Process Management
1.13		Other Duties as Assigned

Explanation:
This is the WBS that has been agreed by the TWG for acquisition
It will be used as the basis for the cost model.
The activities included came from the SA-CMM, OSD 804, CMMI-AM, and the original WBS.
A new WBS was developed since the TWG liked elements of all of these, but none was deemed complete for acquisition measurement.
