Robert R. MacIver

With more than 30 years of experience in the information systems industry, Mr. MacIver has directed Information Systems departments and has managed a variety of functional IT areas including Project Management, Quality Assurance, Audit, Testing, Training, Planning, and Business Management.

In his current position as a member of the technical staff at the Software Productivity Consortium, Mr. MacIver conducts a variety of process improvement workshops, routinely performs Software CMM Evaluations and audits, and assists organizations in their efforts to achieve CMM Level 2 and Level 3 performance ratings. He is a Certified Quality Auditor, a Certified Software Quality Engineer, and Certified Instructor in Practical Software Measurement (PSM). He has developed guidebooks in Reducing Cycle Time and Executive Performance Measurement, and is currently co-authoring a course in Executive Performance Measurement.
